

Maersk Tri Save

Offers you a smart way to reduce your overall transportation cost

Import – Export Combo

We understand your need to optimize your supply chain and the cost of moving your cargo from terminal to your facility and container depot.

Imagine, time saved off the road and money saved from less trips.

Benefits

We can cut your trucking cost by half by providing you with lower trucking cost on the export delivery.

Take out the cost of an empty return or pick-up trip; if you use the same container from your import for your export shipment.

Maersk provides you with one-stop solution: from customs clearance, haulage.

Allows you to contribute to environment welfare from less carbon footprint.

Use the same container and cut empty return and pick-up trip.

For inquiries, please contact your local Maersk, Safmarine or Sealand representative. Or send email to YJM004@maersk.com
