Rotation Change on Sakura Service

To our Valued Customers,

As part of our continuous efforts to optimize our services, Maersk has decided to adjust the port rotation of the Sakura Service to further enhance customer experience.

The network change aims to ensure that we are better able to serve the import and export demands for the Japan market and continue to ensure secured connection of your cargo to the key main services in Shanghai, contributing to a more flexible service.

The new Sakura Service will run **Shanghai – Yokohama– Nagoya – Shanghai – Kobe – Yokohama - Shanghai**.

The updated rotation will be effective from the sailing of vessel AS PIA.
