

December 3rd, 2022

Simplification of Spot amendment fee application

Dear valued customer,

Our products' integrity and customer promise are paramount to serving all our customers.

To enhance the Maersk Spot experience with better transparency, we have simplified the application logic of the Spot amendment fee.

From 3rd December 2022, the Spot amendment fee, for change of origin or destination, will be calculated based on the current corridor instead of the new (amended) corridor.

For example, if a booking is confirmed from "Shanghai to Apapa," for which the Spot amendment fee is **100 USD**, and later the booking is amended to "Shanghai to Felixstowe," for which the Spot amendment fee is **200 USD**. We will then apply the amendment fee of **100 USD** based on the current corridor "Shanghai to Apapa" and not on the new corridor.

Should you have any questions about the above, please do not hesitate to contact your local Maersk representatives. You will find contact details of our local offices on the Maersk website.

We thank you for your collaboration and partnership and look forward to continuing to serve your global transportation needs.
