

Update on SOLAS VGM requirement

16th March 2020

Dear Valued Customers,

We constantly strive to provide reliable and innovative products to our customers. Further to our previous communication on the SOLAS VGM requirement “**NO VGM – NO LOAD**” policy, we would like to reemphasize on VGM cut-off time for export of our services that will mentioned on all booking confirmation.

With immediately effective container without VGM by deadline and or an inaccurate VGM weigh provide, will be remove from vessel loading plan. In this regard, all relevant costs at carrier or 3rd parties will be fully cover by customer.

Please note that standard VGM cut off had been set as per pro-forma schedule, which is subjected to changed, so please check your booking confirmation and booking amendment for latest information.

Thank you for your on-going and valuable support. Should you have any questions, concerns or clarifications, please feel free to reach out to your local sales or customer service
