MCC GUIDE to CCAM FINAL SHIPPING INSTRUCTION (FSI) SUBMISSION DEADLINE

To Our Valued Clients,

Good Day!

As China Customs Advance Manifest (CCAM) Rule requires ocean carriers to enforce advanced submission of manifest 24 hours prior to loading. Complete and accurate cargo information as carried in the manifest must be submitted to China Customs electronically 24 hours prior to loading onto vessels that will sail to/via China. The manifest must reflect accurately and completely all goods under bills of lading.

The Final Shipping Instruction (FSI) deadline will be advanced to ensure the manifest can be submitted at least 24 hours prior to loading from original port. The formula used to set up the Final Shipping Instruction (FSI) deadline will be the China Customs deadline prior to vessel arrival which is 24hrs + 8hrs (system interface) + Xhrs (operational loadlist deadline at each port).

In relation to the CCAM implementation effective June 1, 2018, please be guided on below revised Final Shipping Instruction (FSI) deadlines per port.

LUZON TERMINALS

City Name / Site Name	Service	Terminal Code	Proforma ETA	Proforma ETD	FINAL SHIPPING INSTRUCTION (FSI) Deadline
